How do we enhance the quality of EL teaching?

Critical Success Factors:

- Appropriate teacher competencies
- Engaged learners
- Positive learning environment
- Optimal learning opportunities
- Effective support structures
- Supportive community

Teachers need to be able to:

- organize and structure input for optimal learning
- support pupils' development as independent learners
- exploit resources to meet different learning styles and needs
- create positive learning environments
- act as a good model user of target language
- use a range of assessment tools to support learning
- manage and direct their own professional development

- The key = **IMPLEMENTATION** and this hinges on
 - ✓ knowledge and understanding of the curriculum
 - ✓ teachers having the right competencies
 - ✓ support from SLT and community
 - ✓ meaningful parental involvement
 - ✓ suitable infrastructural support
 - ✓ follow-through and follow-up processes
 - ✓ its location within the larger education landscape

- Technologies are an inseparable part of our pupils' life
- Technologies for:
 - ✓ communicating
 - ✓ accessing information
 - ✓ sharing
 - ✓ informing
 - ✓ researching
 - ✓ supporting teaching & learning

THANK YOU
